ENSURE EVERY FARMER HAS THE RIGHT TO FARM AND PROTECT THEIR HERITAGE.

We fight for policies and legislation at the local, state, and federal levels that support our county's number one industry: Agriculture. Our work is instrumental in ensuring the voice of agriculture, is heard in rooms where decisions are made, often by individuals without hands-on experience in the field. Representing all agriculture sectors, KCFB is a diverse community with a broad prospective across the industry. This diversity equips us with a well-rounded approach in advocating for agriculture. Serving such a diverse group ensures that every member's needs are considered. Providing resources to our members and agriculture's contributors is central to our mission. We are committed to ensuring every member's right to farm and protect their heritage.
